Professional Summary

E-commerce Account Manager and Data Analytics professional with 3+ years of experience turning client relationships and operational data into measurable business results. Contributed to reimbursement recovery exceeding \$250K, built automated Power BI dashboards that cut manual reporting time, and manage multi-account portfolios within the Walmart Marketplace ecosystem end-to-end – from client retention and KPI reporting to dispute resolution and process automation. Combines commercial acumen with hands-on technical skills in SQL, Python, and Power BI to deliver data-backed decisions that support account growth.

Core Competencies

Account & Client Management: Walmart Marketplace, Client Retention, Escalation Management, Stakeholder Communication

Data & Analytics: SQL, Python, Power BI, Excel, Data Visualization, KPI Tracking, Dashboard Development, ETL, Reporting

Operations: WFS Audits, Dispute Resolution, Process Optimization, Demand Forecasting, Supply Chain

Tools & Platforms: Google Workspace, Slack, Monitask, SAP, Git & GitHub, VS Code, Google Apps Script

Professional Experience

Account Manager

Jun 2026 – Present

Vendormint (Formerly Sellcord) | Full-time | Remote

- Manage a portfolio of e-commerce accounts as primary point of contact, driving client satisfaction, retention, and account performance.
- Deliver data-driven performance reviews, KPI reports, and actionable recommendations that support measurable client growth.
- Partner cross-functionally with Operations, Advertising, and Support teams to ensure seamless onboarding and product launches.

Case Manager

Aug 2025 – Jun 2026

Vendormint (Formerly Sellcord) | Full-time | Remote

- Managed multiple client accounts via Walmart Seller Center, ensuring full compliance with marketplace standards.
- Built and delivered performance reports with data-driven recommendations, streamlining workflows using Monitask, Slack, and Google Workspace.
- Led resolution of chargebacks and operational disputes, contributing to reimbursement recovery exceeding \$250K.

International Purchasing Specialist

May 2025 – Aug 2025

Tecnoglass Inc | Full-time | Barranquilla, Colombia

- Managed end-to-end procurement operations with suppliers across the United States, China, and Europe.
- Analyzed purchasing data and spending trends in Excel to support cost optimization and demand forecasting.
- Monitored supplier performance and inventory levels to prevent stockouts and minimize delays.

Operations & Account Management Analyst

Jan 2024 – Jan 2025

Vyvoa Consulting LLC | Freelance | Remote

- Managed client accounts end-to-end, ensuring accurate data records, timely reporting, and consistent stakeholder communication.

- Oversaw operational workflows across multiple accounts, identifying process gaps and implementing efficiency improvements.
- Maintained and organized large-scale datasets to support account performance tracking and decision-making.

Data Analysis Intern

Apr 2023 – Jan 2024

Lean Solutions Group | Barranquilla, Colombia

- Developed interactive Power BI dashboards to monitor KPIs and automated reporting pipelines, reducing manual effort.
- Collaborated with stakeholders to translate business requirements into BI solutions and identify improvement opportunities.
